1. After logging into U Market, select the “Orders” icon on the left side of screen. Then select “Search” and “Carts” from the pop-up menu.

2. Within this page there a variety of different ways to find your past orders/carts. One of the easiest ways is to simply click the “My Searches” tab on the right hand-side and then click the option labeled “My Carts.”

3. The list will default to showing carts from the last 90 days. If you need to find an earlier cart, click “Submitted Date” located next to the Quick Search bar and change the time frame.

4. Once you’ve found the cart you’re looking for, click the cart number (highlighted in blue) to see all the details of your order. It’s just that simple!

If you’re having trouble looking up your order or have any other questions don’t hesitate to contact U Market Customer Support.

Just call 612-624-4878 or email ums@umn.edu for assistance.
